Technical details

Land van herkomst	 Duitsland
Fabrikant	Holtkötter
Ontwerper	Holtkötter
jaar	2020
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
voltage geschiktheid	110 - 240 Volt
Projectie in cm	38
materiaal	metaal
Hoogte-instelling	hoogte verstelbaar
dimmen	Touch Dimmer op lichte stok
Wattage	16,6 W
LED	inclusief
Kleurweergave-index	>95
Lichtstroom in lm	1.660
Kleurtemperatuur in Kelvin	Dim to warm
reflector diameter	9 cm
kandelaar Dimensions	25 cm
bulb vervangen:	bij de fabrikant / fabriek
Dimensions	H 120 - 150 cm

Omschrijving

The Holtkötter Aura S floor lamp has a metal reflector which can be aligned as desired. This allows the light to be directed exactly to where it is needed. The metal reflector is available in the colours anodised brass, black, platinum and matt aluminum. In addition, the floor lamp is offered in the following surfaces: brass anodised, black, platinum and matt aluminum. The lamp rod and lamp base always have the same surface as the upper part of the lamp head.

The Aura S from Holtkötter can be adjusted in height between 120 cm and 150 cm. The lamp is infinitely dimmable via the push button dimmer on the lamp rod. When dimming, the Dim-to-warm technology used changes the light colour of the integrated LED to a warmer tone (from 2,900 Kelvin warm white to 1,800 Kelvin extra warm white). A memory function saves the last light intensity setting and automatically adjusts it the next time the light is switched on. The Aura S glass with a mouth-blown glass is also available from the series.
