Byok

Mikado L

Oberfläche

- aluminium
- zwart

Schirmfarbe

- bruin
- ivoor

Technical details

Land van fabricage	🇩🇪 Duitsland
fabrikant	Byok
ontwerper	Kai Byok
jaar	2020
bescherming	IP20
Omvang van de levering	LED
voltage geschiktheid	230 - 240 Volt
materiaal	aluminium, textiel
dimmen	gebarencontrole
Wattage	51 W
LED	inclusief
Kleurtemperatuur in Kelvin	Dim to warm
Schaduw diameter	70 cm
schermhoogte	28 cm
Totale lichtstroom in lm	5.920
Dimensions	H 175 cm

Omschrijving

The Byok Mikado L floor lamp is 175 cm high. Its lamp shade has a diameter of 70 cm at the bottom and 62 cm at the top. The shade height is 28 cm. A central light source and a downward directed spotlight are integrated in the lamp shade. The light is emitted mainly downwards and upwards. The two LED light sources can be dimmed separately by gesture control. Thanks to the Dim-to-warm technology, dimming changes the light colour of the integrated LEDs to a warmer tone (from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white). The Mikado L is available with natural glossy anodised aluminum and matt black anodised surfaces. Its lamp shade is offered in the colours ivory and dark brown. Other shade colours are also available on request. In addition to this floor lamp, the Mikado XL is also available with a height of 200 cm.
