Technical details

Land van fabricage	 Duitsland
fabrikant	less'n'more
ontwerper	less'n'more
bescherming	IP43
Omvang van de levering	LED
voltage geschiktheid	110 - 240 Volt
materiaal	aluminium, glas, roestvrij staal
stralingshoek	15 - 75 Graad
dimmen	Touch Dimmer op lichte stok
Wattage	4,2 W
LED	inclusief
Kleurweergave-index	90
Lichtstroom in lm	450
Kleurtemperatuur in Kelvin	2.700 extra warm wit
kandelaar Dimensions	lengte 20, breedte 20 cm
lampkop massa	3 cm
bulb vervangen:	ter plaatse zelf
Dimensions	H max. 63 cm

Omschrijving

The Less'n'more Zeus Table Light Z-TL has a flexible lamp arm that can be bent and rotated as desired. Depending on how the lamp arm is extended, the height of the lamp varies up to a maximum of 63 cm. The flexible lamp arm is available in these colours: aluminum, textile black, white, anthracite, blue, green, red and brown.

The lamp head and the lamp rod above the base are made of aluminum. They are offered in the following finishes: aluminum and black. An LED with a colour temperature of 2,700 Kelvin extra warm white is included as illuminant and can be replaced on site if required. By screwing the glass lens out of or into the lamp head, the beam angle of the light can be changed between 15 and 75 degrees. With a larger beam angle, the light is distributed over a larger area.

This lamp can be regulated via a push button dimmer on the lamp rod, which is located above the base of the lamp. The base of the Zeus table lamp is made of satin stainless steel and has a length as well as a width of 20 cm. It is shaped like a rounded V. On request, the lamp base is available in black, white or polished stainless steel. Besides the conventional power supply, the lamp can also be operated via a USB connection. On request, the Zeus table lamp Z-TL is also offered with special arm colours.
