Omschrijving

The Catellani & Smith Post Krisi 10 Malagolina features a lamp shade made of fiberglass, combined with a light rod and a lamp base in metal. This table lamp was created by the designer Enzo Catellani in 2012. The light includes two exchangeables LEDs with each power of 1 Watt. The LEDs are offered in extra warm white (2,700 Kelvin). A dimmer is included on the cord. Catellani & Smith offers this table lamp in the following colours for the shade outside: natural, white, silver or gold. The fibreglass shade is either left in its natural colour or hand-painted in the matching colour.
