

Holtkötter

Supernova P

Oberfläche

- aluminium
- messing
- platina
- zwart

Technical details

Land van herkomst	 Duitsland
Fabrikant	Holtkötter
Ontwerper	Holtkötter
jaar	2019
Vermogen in watt	1 x 31 + 1 x 33 W
Kleurweergave-index (CRI / Ra)	>90
Lichtstroom in lm	7250
Kleurtemperatuur in kelvin	2.700 - 3.100
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
voltage geschiktheid	230 - 240 Volt
materiaal	metaal
Hoogte-instelling	hoogte verstelbaar
dimmen	Touch Dimmer op de lamp
LED	inclusief
luifel Dimensions	38 cm
lampkop massa	42 cm
bulb vervangen:	ter plaatse zelf
totale hoogte	45 - 160 cm

Omschrijving

The Holtkötter Supernova P is a flexibly adjustable pendant light. It consists of an outer ring and an inner disc that can be adjusted in different ways. The outer ring emits its light downwards, but can also be set at an angle. The inner disc can be rotated through almost 360 degrees independently of the ring and can therefore distribute its light downwards, upwards or to the side. The LEDs on the ring and disc can be switched separately and dimmed continuously. The two touch dimmers are integrated on the ring. When dimmed, the light colour of the integrated LEDs changes to a warmer tone (from 3,100 Kelvin warm white to 2,700 Kelvin extra warm white) thanks to dim-to-warm technology. If necessary, the LEDs can be replaced by the manufacturer.

The overall height of the Supernova P from German manufacturer Holtkötter can be adjusted from 45 cm to 160 cm by simply pushing it up and pulling it down. It can also be mounted on a sloping roof. Thanks to a roll-up mechanism, excess cable disappears into the canopy and the lamp always remains horizontal at the desired height. Special lengths for the lamp are also available on request. The pendant light is available in matt aluminium, anodised brass, platinum and black.
