

Holtkoetter

Supernova DW

Oberfläche

- aluminium
- messing
- platina
- zwart

Technical details

Land van herkomst	 Duitsland
Fabrikant	Holtkoetter
Ontwerper	Holtkötter
jaar	2019
Vermogen in watt	1 x 40 + 1 x 71 W
LED #	inclusief
Kleurweergave-index (CRI / Ra)	>90
Lichtstroom in lm	14700
Kleurtemperatuur in kelvin	2.200 - 2.900
Beschermingsklasse / IP-bescherming	IP20
Leveringsomvang	LED
voltage geschiktheid	230 - 240 Volt
Projectie in cm	71
materiaal	metaal
dimmen	Touch Dimmer op lichte stok
kandelaar Dimensions	42 cm
lampkop massa	42 cm
bulb vervangen:	ter plaatse zelf
Dimensions	H 185 cm

Omschrijving

The Holtkötter Supernova DW arched lamp has a lamp head consisting of two parts: an outer ring and an inner disc. The two parts of the lamp head each have an integrated LED. The LEDs can be operated and adjusted via a touch dimmer panel centrally located on the luminaire rod. The outer and inner rings can be switched together or separately and dimmed continuously. When dimming, the light colour of the integrated LEDs changes to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. The last light setting used is saved using the memory function. As the inner and outer rings can be swivelled independently of each other, the light emission can be directed both directly and indirectly. The Supernova DW floor lamp from the German manufacturer Holtkötter is available in matt aluminium, platinum, anodised brass and black.
