Opis

The K-meral SOFI Floor Lamp is equipped with a porcelain lampshade as well as a lamp stand either coming with a cover in stainless steel or antiquely stained mahogany. It breaks the soft K-meral line as it is angular shaped. Thus the SOFI Floor Lamp will gain special attention. The angular appearance is also continued in the lighting motives. This luminaire creates an extraordinary play of yellow and orange light when switched on. The lamp stand of the K-meral SOFI Floor Lamp is 19 cm in diameter and 2.5 cm high with the stainless steel version. However it is 20 cm in diameter and 6.4 cm in height with the mahogany variant. This floor lamp is switchable as well as dimmable by simply touching the metal parts. The transformer is to be found in the supply cable.
