

# Foscarini

## Twice as Twiggy Terra

### Farbe

- biały
- czerwony
- greige szaro-beżowa
- czarny

### Technical details

Kraj produkcji	 Włochy
producent	Foscarini
projektant	Marc Sadler
rok	2016
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	230 - 240 Volt
Projekcja w cm	390
tworzywo	aluminium, metal, polimetakrylan, poliwęglan, włókno szklane
kolor przewodu	przezroczysty
długość kabla	260 cm
regulacja wysokości	wysokość ustalona
ściemnianie	snur opornik
Moc w watach	81 W
LED	łącznie
Wskaźnik oddawania barw	>90
Temperatura barwowa w stopniach Kelvina	3.000 biała ciepła
Średnica klosza	80 cm
wysokość abażur	44 cm
świecznika Wymiary	100 cm
Całkowity strumień świetlny w lm	8.517
Dimensions	H 320 - 340 cm

### Opis

The Foscarini Twice as Twiggy Terra is a further development of the famous Twiggy Terra by Marc Sadler. Like this, the floor lamp of 2016 is also equipped with an arc-shaped light arm. As the name suggests, the projection of the Twice as Twiggy floor lamp is nearly twice as large as the original Twiggy Terra.

This makes the Twice as Twiggy particularly suitable for large rooms. At the same time, it still does not miss the lightness in the design of its predecessor. Thanks to a steel cable inside, the diameter of the arc is still very thin. In addition, the wide and at the same time lightweight shade can be adjusted with counterweights in the height.

The two LED chips of the arc light emits the light both directly downwards and indirectly upwards towards the ceiling. The LEDs have been developed by Foscarini itself in such a way that the lightnuance of a halogen light source is maintained with respect to the colour temperature. The floor lamp has an on / off switch on the supply line, which also serves as a dimmer for infinitely variable regulation.

The following colours are offered: white, black, crimsonred and greige grey-beige.
