

Holtkötter

Supernova PW

Oberfläche

- aluminium
- mosiądz
- platyna
- czarny

Technical details

Kraj produkcji	 Niemcy
Producent	Holtkötter
Projektant	Holtkötter
rok	2019
Temperatura barwowa w kelwinach	2.200 - 2.900
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania	LED
napięcie przydatność	230 - 240 Volt
tworzywo	metal
Regulacja wysokości	z regulacją wysokości
ściemnianie	Przycisk na oprawie oświetleniowej
LED	łącznie
Wskaźnik oddawania barw	>90
baldachim Wymiary	38 cm
Głowica lampy Wymiary	42 cm
wymiana żarówek:	u producenta / w fabryce
wydajność systemu	1 x 29 + 1 x 31 Watt
Całkowity strumień świetlny w lm	8.750
dystrybucja światła	bezpośrednio
wysokość całkowita	45 - 160 cm

Opis

The Holtkötter Supernova PW is a flexibly adjustable pendant lamp. It consists of an outer ring and an inner disc, which can be adjusted differently. The outer ring emits its light downwards, but can also be adjusted at an angle. The inner disc can be rotated almost 360 degrees independently of the ring and can therefore distribute its light downwards, upwards or sideways. The LEDs of the ring and disc are separately switchable and infinitely dimmable. The two push button dimmers are integrated on the ring. When dimming, the light colour of the integrated LEDs changes to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin extra warm white) thanks to Dim-to-warm technology. If necessary, the LEDs can be replaced by the manufacturer.

The total height of the Supernova PW is adjustable by simply pushing upwards and pulling downwards from 45 cm to 160 cm. Installation on a sloping roof is also possible. Thanks to a roll-up mechanism, the excess cable disappears into the canopy and the lamp always remains horizontal at the desired height. Special lengths for the light are also available on request. The pendant lamp is offered in matt aluminium, anodised brass, platinum and black.
