

Bopp

Flair Pendant Lamp

Dimmbarkeit

- ściemniające z przecinaniem fazy i ściemniaczem z regulacją fazy
- z modulem Casambi
- z modulem ZigBee

Technical details

Kraj produkcji	 Niemcy
Producent	Bopp
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania	LED
napięcie przydatność	230 - 240 Volt
tworzywo	aluminium
powierzchnia	polerowane aluminium
Regulacja wysokości	wysokość ustalona
Moc w watach	39 W
LED	łącznie
Wskaźnik oddawania barw	80
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
balдахim Wymiary	21 cm
Całkowity strumień świetlny w lm	5.979
wysokość całkowita	max. 140 cm
Dimensions	B 30 cm L 120 cm

Opis

The Bopp Flair is a spirally curved pendant lamp with an integrated LED. The LED runs completely around the inside of this curved lamp made of smoothed aluminium. This illuminates the lamp itself and at the same time emits warm white light all around. The integrated LED with an output of 39 watts has a colour temperature of 2,700 Kelvin extra warm white. The Bopp Flair is 120 cm long, 30 cm wide and is suspended with three cables from a canopy with a diameter of 20.6 cm and a height of 4 cm. The height of the Bopp Flair can be adjusted by shortening the cables to a maximum of 140 cm from the ceiling to the lower edge of the lamp. The lamp is available in three versions: dimmable via the existing house electrics with a trailing edge and / or leading edge phase dimmer (not included in the scope of delivery), with Casambi module or with ZigBee module. With a Casambi module, it is possible to operate the lamp via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the lamp on at specific times via a timer. ZigBee enables wireless communication via WLAN between a Smart Media device and existing home technology. Using ZigBee, lamps, electric shutters, heating and loudspeakers, among other things, can be controlled via voice control.
