Technical details

Kraj produkcji	Czechy
Producent	Brokis
Projektant	Boris Klimek
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania	Leuchtmittel/Bulb
napięcie przydatność	110 - 240 Volt
Średnica w cm	40
tworzywo	metal, szkło
ściemnianie	na miejscu z funkcją ściemniania
Cokół / Oprawka	E27
skalowalność	przełącznik Pociągnij
Moc (maks. W)	60 Watt
Dimensions	H 42 cm | Ø 40 cm

Opis

The Brokis Memory collection awakens the imagination and reminds us of a carefree childhood. The ceiling lights in different sizes, the wide range of colour options and a choice of finishes give this lighting experience a high degree of versatility. The illusion of inflated balloons is flawless, right down to the dangling cord with Pull switch used to turn the light on and off. This is beauty in its simplest and most compelling form.

The craftsmanship of Memory follows the centuries-old tradition and experience of master glassmakers. The precise workmanship of mouth-blown glass gives all Brokis products a distinctive, lasting character and outstanding quality. The glass shades are formed from several layers of molten glass, each of which is inspected by a master glassmaker before being blown into the mould. Up to 70% of the quality is achieved at this stage of production. The triplex opal glass used to make the lamp shade is one of the highest quality materials used in the lighting industry.

The Brokis Memory Ceiling 400 PC876 has a diameter of 40 cm and a height of 41.5 cm. The ceiling light is offered in the glass colours triplex opal, grey, light pink, red, orange, amber, brown, yellow, apple green, turquoise and blue. All glass colours are available with the surface in glossy or matt etched on both sides. The lamp is operated by a Pull switch. The pull switch is supplied in white as standard, but is also available in black on request. The Memory 400 ceiling light is operated with an E27 halogen lamp or LED retrofit.

Each light is shipped with a high quality paper envelope containing the installation instructions, white cotton gloves to handle the light gently, a certificate of authenticity and the BROKIS Small Catalogue. After opening the box, you will find a QR code that will take you to a short video showing you how to safely unpack and commission your new lamp, as well as detailed information on how to properly clean BROKIS lamps.
