

Holtkoetter

Avior

Version

- S
- M
- L

Oberfläche

- mosiądz
- platyna
- brąz
- czarny
- srebro

Technical details

Kraj produkcji	 Niemcy
Producent	Holtkoetter
Projektant	Holtkötter
rok	2024
Materiały materiałowe	Metall
regulacja wysokości	z regulacją wysokości
Możliwość ściemniania	kontrola gestow
LED #	włącznie
Wskaźnik oddawania barw (CRI / Ra)	>90
Temperatura barwowa w kelwinach	2.200 - 2.850
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania	LED
napięcie przydatność baldachim	230 - 240 Volt
wymiana żarówek:	na miejscu
Dimensions	H 40 - 160 cm

Opis

The height of the Holtkötter Avior pendant lamp can be adjusted by pushing it up and pulling it down. The overall height can therefore be adjusted between 40 cm and 160 cm. A roll-up mechanism ensures that the cables disappear into the canopy and that the light always maintains a horizontal position. The Holtkötter Avior pendant lamp emits light both upwards and downwards. The uplight and downlight can be steplessly switched and dimmed separately using gesture control. To do this, a hand is held in the sensor area of the gesture control below the lamp. When dimming, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin to 2,200 Kelvin) thanks to dim-to-warm technology. The last set light intensity is saved using the memory function and automatically reset the next time the light is switched on. Three profile lengths - 82,5 cm (Avior S), 122,5 cm (Avior M) and 162,5 cm (Avior L) - and five different surfaces - anodised brass, black, matt silver, platinum and bronze - enable unrestricted use in rooms of all kinds.
